IT WAS GOOD

Rev. John C. Troy's Talk at Centenary Church Yesterday.

Centenary church was pretty comfortably filled yesterday to hear Rev. John C. Troy preach, and those who were after food went away spiritually blessed. Mr. Troy calls his sermons "talks." He has not the strength of body to stand and preach, so he sits and talks. His physical weakness does not affect his strength of mind and his "talks" are not only entertaining, but uplifting and inspiring. His subject yesterday was based on the 12th verse of the Second Epistle of Peter: "Wherefore I will not be negligent to put you always in remembrance of these things, though ye know them, and be established in the present truth." He read the whole chapter as a lesson. The subject of Christian Education is one that has been talked about a great deal. The preacher said he proposed to tell those who were too old to go to school how they may obtain such an education. It can be had in Peter's college. It is simply by a little sum in addition. Add to your faith virtue; and to virtue, knowledge; and to knowledge, temperance; and to temperance, patience; and to patience, godliness; and to godliness, brotherly kindness; and to brotherly kindness, charity. It was a beautiful lesson, each item being explained and commented on in a manner and in language which shows the preacher to have acquired learning in Peter's college. After the services many of those present pressed to the front and gave Mr. Troy a hearty handshake, and a number subscribed to Trojan's Nation, which is soon to be issued.

A Piano Buyer's Experience.

My wife said to me the other day: "Horace, I think we had better get a nice new piano for our home. I wish you would look around the stores and get some pointers and prices on pianos."

As I am a firm believer in carrying out a wife's ideas, I believe every married man should. I took half a day off and looked over the piano field. I saw pianos at all prices, and talked with agents who would order me anything I would think of in the way of a piano, at prices from \$300 to \$750. They had high sounding names, and many were known by being extensively advertised, etc. I traveled all over the city and met several out of town agents who happened to be canvassing Greensboro and I must say I received some very valuable information concerning pianos, but I received the most important information at 217 S. Elm street, where Mr. C. Jellison is conducting a special sale of pianos at factory cost to introduce them in Greensboro.

Mr. Jellison sells an absolutely high grade piano for \$225, \$255 and \$285. Yes sir, I repeat it, \$225, \$255 and \$285.

You may stare at me all you wish but the facts remain the same. His \$225 piano double veneered in hard wood, natural wood, hand carved cases, in walnut, mahogany and the different woods. With as fine an action and scale as money and brains can produce is equal if not better than pianos that have been sold for \$450 to \$500. The regular retail price is \$450, but his factory is out for business in North Carolina, and from the way Mr. Jellison has been selling them for the past ten days they will surely get it as every piano sold by him will in the future bring sales of others. You see they are the manufacturers and can make an individual the same price charged agents and to introduce the goods are doing that here, even giving terms of \$20 cash and \$8 per month. Six per cent. interest on deferred payments being the only difference between cash and easy payment plan. You would be surprised to know how many merchants and business men buy of him. You see they know the way pianos are usually sold by agents and dealers. There is a great difference in price when you buy on time. They do not feel like paying \$300 or \$400 out of their business all at once, neither do they feel like paying \$50 or \$75 more in order to get time payments. But when they can step into Mr. Jellison's place at 217 S. Elm street and buy at the cash price, and if they do not care to pay cash can take the easy payment plan and simply pay 6 per cent. interest. By so doing they not only save agents' profits and the usual expense of selling in the regular way, but they save the difference invariably added for time payments. Taking all together the saving is on an average of at least \$200.

If you have any use for an instrument drop in and see him as this week to close out the few yet unsold, he will deduct cost of shipping the back to the factory from the factory wholesale price and give you the benefit instead of the railroad. You had better see him by Wednesday at farthest, if you have any music in your soul or care to secure an instrument for your family, and if you want to see a handsome piano and hear some choice music come around to see me some evening in my new home and listen to the strains from the finest piano in Greensboro. You will come up? That's right, my wife and I will be ready for you. Good morning.

Want to see the very best double upper (leather lined) three dollar shoes, black or tan, you have ever looked at? Come in and let us show you ours, made of genuine box calf or vic, fully guaranteed and up to date in every detail.

SPIDER KILLS A SNAKE.

An Interesting Battle Fought Recently at Reidsville.

A gentleman who spent yesterday in Reidsville tells an interesting story of a fight between a spider and a snake. Mr. Knox, of Charlotte, who has had charge of the construction of the Reidsville water works, witnessed the battle. A few days ago they entered the pumping room and were attracted by the queer evolutions of a snake about a foot long which had evidently been conveyed there in wood. He would coil himself ready to strike and when the snake was coiled would pounce upon him and jump away, while the snake would make a frantic strike. The battle lasted for some time and resulted in the death of the snake. The story seems incredible, but our informant says it is vouched for by the two eye witnesses.

We are selling four lines of men's winter weight tan shoes that are hard to beat, priced \$3.50, \$3.00, \$2.25 and \$2.00. All sizes from 5 to 11, and a mighty fastidious customer we can't please and fit in these four lines.

GREENSBORO CITY HALL.

The above is a picture of the proposed new city hall, market house and auditorium for Greensboro. The architects are Messrs. Hayden, Wheeler & Schwend, of Charlotte, who have also opened an office in this city. The main front is on North Elm street and the side on West Gaston. The two fronts will be of pressed brick with granite trimmings. The auditorium will seat comfortably 1,200 people. The building will also contain offices for the city authorities, mayor's court, council chamber, police headquarters, etc. The market entrance will be on Gaston street, and is not clearly shown in the cut.

The Endowment Rank.

Recognized as the Endowment Rank now is by all who are well informed in insurance affairs as the best of all fraternal insurance organizations, this journal earnestly hopes that everywhere throughout this domain it will receive from Pythians that support and encouragement that is not only deserved upon its own merits but because of its being an established department of this order. In this day and generation of cheap so-called fraternal insurance societies too many are prone to run away with the idea that because a certain commodity known as insurance can be purchased for a song, that therefore it will certainly pay all claims against it. This state has been particularly cursed and loaded by many institutions of that kind, but a time came when the public are rapidly discovering the falsity of the claims of these institutions. They either go down, increase the number of assessments, or raise their rates. The latter step has been taken by some with the hope that it may close the gap, whereas in almost every instance it is but postponing the evil day for those who were foolish enough to continue in their error of patronizing such institutions.

In distinction to this, the Endowment Rank of our order is furnishing insurance at the lowest possible cost at which the business can be done with safety, providing indemnity at less than one-half that charged by insurance companies, and adding to a surplus fund which is put away for a rainy day. It is making no special assessments, and never will—Michigan Knighthood.

Location of Bobbin Factory.
The Southern Bobbin Company will occupy the building known as the McMahon factory on the North Carolina railroad, just east of the city. The incorporators are well known and capable business men of Greensboro. If we mistake not there is a wide field for their business and we predict for them much success.

SANCTIFICATION.

Some of the evidence at hand against the doctrine of instantaneous and entire sanctification is very damaging. There are good and honest people who believe in it; but our notion is that the evil results, which come in various ways, far more than overbalance all the good done. We have said this before and see no reason yet to change our belief. Some time ago we noticed an item stating that two young ladies had lost their minds as a result of drinking too freely at the sanctification spring. The charge was afterward denied by one of the preachers who infect the country, promulgating this doctrine.

The following item, clipped from the editorial columns of the Charlotte Observer, tells whether the charge was true, and also tells in unmistakable terms what the young ladies' father thinks of the doctrine. The Observer's comment, also, is spicy:

We have before referred to the fact that two of the daughters of Mr. Sion Watts, of Alexander county, lost their minds some weeks ago as the result of attending sanctification meetings. The sanctificationist preacher denied this and said that Mr. Watts had stated that the insanity of his daughters was not due to their having imbibed the sanctification doctrine. In the Statesville Landmark, of Friday, Mr. Watts states that he never said anything of the kind. One of his daughters, he says, is in the hospital at Morganton; the other regained her mind and is at home now, "and will stay there a long time before she goes to hear another sanctification preacher. I would rather," he continues, "have a dozen Mormon elders turned loose in my neighborhood than one sanctification snorter."

This doctrine does indeed appear to be the most dangerous and troublesome thing that has ever hit North Carolina. The dog fennel, Canada thistle, Hessian fly, hives and seven-year itch are not in its class; no more are hemorrhagic fever, yellow fever, malaria and smallpox. It makes fools of sensible people, runs fairs crazy, and, from every point of view, is a nuisance and a menace.

AFTER TEN YEARS.

The following is from a speech delivered by Henry W. Grady, of Georgia, at Boston, in 1889. No disrespect is intended the deceased citizen of Pickens:

"I attended the funeral of a man once in Pickens county, in my state; they buried him in the midst of a marble quarry; they cut through solid marble to make his grave; and yet a little tombstone they put above him was from Vermont. The dog fennel, Canada thistle, Hessian fly, hives and seven-year itch are not in its class; no more are hemorrhagic fever, yellow fever, malaria and smallpox. It makes fools of sensible people, runs fairs crazy, and, from every point of view, is a nuisance and a menace.

The following is from an editorial in the Washington Post of last Saturday:

"A correspondent of the New York Evening Post who recently visited Lafayette, Ala., gives interesting facts as to what he saw in a country store at that place, a town of about 1,000 inhabitants. Of course the interest centers mainly in the localities whence the goods offered for sale came. Appreciating that point, the Evening Post's correspondent took note of stamps and labels. He found that the stores were east in Memphis; the soap, of which there were from fifty to a hundred boxes piled one on top of another, was made in Nashville; the unbleached cotton was made in Anniston, Ala., and a considerable quantity of the cheap cotton dress goods came from the mills at Tuscaloosa, in the same state. The heads of the nail kegs showed their contents were made in Ashland. The rolled oats were milled and packed at Birmingham. The boots and shoes were manufactured in St. Louis, Atlanta and Nashville; the furniture in Memphis, and the tinware in Memphis and Atlanta. The flour, naturally, came from St. Louis and the tobacco from Virginia and North Carolina. The clothing, of which a very large stock was carried,

was manufactured in Louisville, and the brooms were made in the same city. The only articles which he found bearing a northern stamp were the sewing machines made in Cleveland, Ohio, and the bleached cottons, which bore the imprint of Providence, R. I."

It is no poetic spasm to say "Southward the Star of Empire takes its way." Selah.

Suit for \$20,000.

Raleigh, Dec. 16.—J. T. Couch, of Durham, N. C., father and administrator of Linwood Couch, has instituted suit for \$20,000 against the North Carolina Railroad.

Linwood Couch, who was in the employ of the railroad company, was killed at Fumston, a station between Durham and University, on September 10th. He was a brakeman, and while chaining a car, whose drawhead had pulled out, was crushed to death. It is claimed by the plaintiff that his son's death was caused by negligence of the company. The suit has just been entered in Orange county, and will come up at the next term of court.

A SURE CURE FOR COUGHS.

Twenty-five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use without a failure. For sale by C. E. Holton, druggist.

When a husband and wife are continually patching up their difficulties their affections assume the kaleidoscopic aspect of a matrimonial crazy quilt.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on C. E. Holton, druggist, and get a trial bottle free, Regular size 50 cents and \$1.00. Every bottle guaranteed or price refunded.

Washington, D. C., Dec. 16.—The Brooklyn arrived at Manila today, winning easily the long race from this country out, which she has been running with the New Orleans. The New Orleans sailed from Singapore today, for Manila, so that she is about four days behind the Brooklyn.

August Flower.

"It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where head-a-ches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion. Sample bottles free at Grissom's Foodham. Sold by dealers in all civilized countries."

It takes but a minute to overcome a tickling in the throat and to stop a cough by the use of One Minute Cough Cure. This remedy quickly cures all forms of throat and lung troubles, harmless and safe to take. It prevents consumption. A famous specific for grippe and its after effects. Howard Gardner.

The one clause that meets with no objection is Santa Claus.

C. E. Holton, druggist, guarantees every bottle of Chamberlain's Cough Remedy and will refund the money to any one who is not satisfied after using two-thirds of the contents. This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.

"Doctors failed to reach my case and advised me to try a higher air."

There is no greater irony than a recommendation of change of climate to those whose circumstances make change of climate impossible. How many a sufferer in such a case has wisely watched the flight of the south-seeking birds, and with the Psalmist, "Oh that I had wings to the climate instead of fitting the climate to the lungs. That is what has been found possible by those who have used Dr. Pierce's Golden Medical Discovery. It so purifies the blood, removes the clogged and poisonous conditions favorable to disease, that the whole body is strengthened. With new strength comes new power, and disease is resisted and thrown off.

Dr. Pierce's Golden Medical Discovery.

"I feel that I owe a debt of gratitude to you for restoring such grand freedom to chronic disease especially, which the doctors failed to reach." writes J. H. Staples, Esq., of Barclay, N. Y. "I was suffering from a chronic cough and asthma, and was unable to do any work. I had tried many remedies, but with no result. I then tried Dr. Pierce's Golden Medical Discovery, and after taking one bottle, I felt much better. After taking two bottles, I was able to do my work. After taking three bottles, I was cured. I have never since had any trouble. I have found it necessary for seeking another climate."
